

SERVICE ALERTS

International shipments can be affected by regulation changes, labor strikes, political instability, extreme weather, and natural disasters.

Paramount Transportation Systems is committed to the safe and efficient movement of our customers' belongings. Where possible, we continue to take steps to help mitigate any service disruptions.

ARMENIA / AZERBAIJAN

Last month, Azerbaijan's Defense Ministry declared a military action in the disputed separatist region of Nagorno-Karabakh against Armenian positions. While the Azerbaijani government reached a ceasefire agreement with Armenia-backed separatist forces in the disputed region, tensions still exist and it is affecting shipments. Shipments from Armenia, Azerbaijan, Georgia, and Russia must be reviewed on a case-by-case basis as previously allowed household items are now being questioned.

INDIA

Sikkim is experiencing extreme rainfall, flash flooding, and damaged transportation infrastructure. Shipments may be delayed.

ISRAEL / PALESTINIAN TERRITORIES

The Israeli Defense Forces (IDF) has intensified its airstrikes against Hamas-linked targets in the Gaza Strip, as the militants continue to fire barrage of rockets toward central and southern areas of Israel. Although Hamas militants claim to have targeted Ben Gurion Airport (LLBG/TLV) in rocket strikes, there are no reports of damage to the facility and flight operations are ongoing. However, most major foreign carriers have suspended flights to Tel Aviv.

Check with the airlines on the availability of flights and flight status. For more information, visit the airport's website here: <https://www.iaa.gov.il/en/>

The status of land border crossings can be found on the below links.

- Allenby/King Hussein Bridge between Israel and the West Bank

LEBANON

Officials are advising against all but essential travel to Lebanon since the outbreak of violence between Israel and Gaza and ongoing mortar and artillery exchanges in South Lebanon.

Our coordination teams are monitoring the above situations and will keep clients, who may be affected by these disruptions, updated with timely information as it pertains to their respective relocations.
